

REMARKS

The Examiner has requested a restriction/election with respect to the above-identified application. Specifically, the Examiner states that Species I of Figures 2, 9, and 10; Species II of Figures 3A-7B; Species III of Figures 8A-8B; and Species IV of Figures 11-12, are separate and distinct inventions. The Examiner requests an election of one species for prosecution on the merits.

Applicants respectfully traverse the restriction/election requirement because Claims 1-9 are generic to each of the four species identified by the Examiner. Each of the four species identified by the Examiner comprises at least one jewel coupled in a substantially perpendicular orientation to a display end of a post. However, in order to fully respond to the Office Action, Applicants elect Species II of Figures 3A-7B and Claims 1-6, 8, and 21-31.

If there are any fees incurred by this Amendment Letter, please deduct them from our Deposit Account No. 23-0830.

Respectfully submitted,
